### Projects

**Sakura-Con Website Redesign** Indianapolis, IN  
*UI/UX Designer | Storytelling* Spring 2026

- Redesigned a convention website experience with stronger storytelling, clearer navigation, visual hierarchy, and improved user engagement.
- Applied accessibility, responsive design, content organization, and interaction planning to improve the overall user experience.

**Kandinsky Creative Website** Indianapolis, IN  
*Front-End and UI Designer* Spring 2026

- Designed a creative web experience inspired by Wassily Kandinsky, combining expressive visuals, interaction design, and front-end development.
- Created a non-traditional WordPress experience focused on animation, visual storytelling, gallery structure, and artist-centered content.

**My Design Process and Philosophy** Indianapolis, IN  
*Study of Human-Computer Interaction* Spring 2025

- Built a user-centered design philosophy based on research, empathy, and the principle “I am not the user.”
- Created an iterative UX process including research, ideation, prototyping, and testing.

**Discover The Magic of Storytelling!** Indianapolis, IN  
*Storytelling in Web Design Research* Spring 2023

- Designed a personal blog on Wix to explore how storytelling enhances user experience in web design.
- Analyzed and proposed improvements for two websites to optimize narrative flow and audience engagement.

### Activities

**Saint Gabriel Church** Indianapolis, IN  
*Volunteer* November 2022 – November 2025

- Maintain and update website content using UX principles to improve accessibility and user experience.
- Collaborate with church leadership on digital communication strategies.
